

TIPS FOR OVERCOMING OBSTACLES TO CREATE WEALTH FROM DR. CATHY HUGHES

You must be willing to do ALL it takes to keep your business going and growing.

Make a commitment to be excellent and serve others as you grow your business. The more value you bring to the marketplace, the more money people will be willing to give you.

Tell people the truth. If your money is tight, make sure to call people you owe and let them know when you can pay them. Honesty is always the best policy.

Do not go into business to go on vacation. It takes sacrifice to grow a business. That might mean giving up the comforts of life for a while. It might not be easy, but it is worth the sacrifice!

Make a commitment to look out for others and bless others. Someone helped you to get where you are. Make sure to pay it forward.
